

ACTIVLAB®
LIFT YOUR WORLD

CATALOG 2022

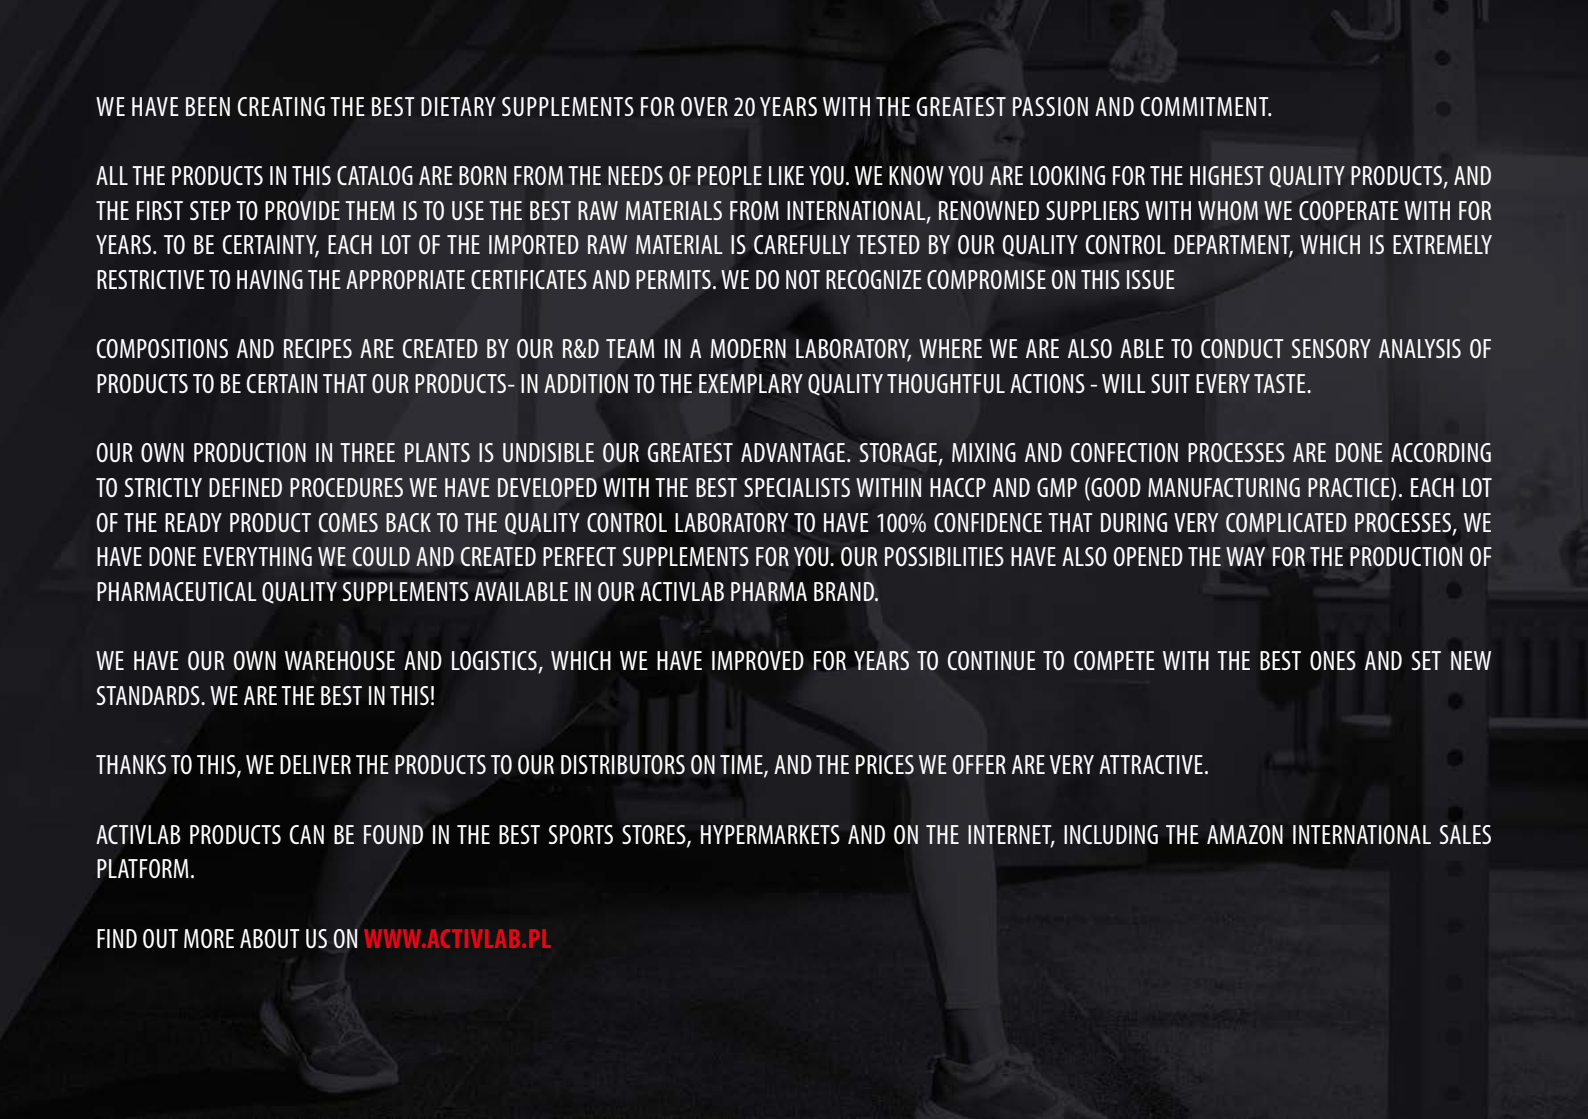

Nutrition supplements and nutrients for athletes and active people

ACTIVLAB - YOUR GOALS ARE OUR PASSION!

FOR OVER 20 YEARS WE HAVE HELPED HUNDREDS OF THOUSANDS OF DREAMS ABOUT THE PERFECT SILHOUETTE, PERFECT FORM AND MEDALS. WE ARE PROUD THAT WE CREATE PRODUCTS FOR ACTIVE AND AMBITIOUS PEOPLE WHO KNOW WHAT THEY WANT TO ACHIEVE AND WHAT THEY AIM. WE HAVE BECOME NOT ONLY PART OF YOUR SPORTS WORLD, BUT ALSO AN ELEMENT OF SUPPORT FOR HEALTH, REGENERATION AND WELL-BEING. WE ARE CHANGING FOR YOU FOR THE BETTER, THE EVIDENCE OF THE GROWING PORTFOLIO OF PRODUCTS, WHICH YOU CAN SEE IN THIS CATALOG.

WE THANK YOU FOR LONG-TERM TRUST AND WE PROMISE YOU TO BE ALWAYS SUPPORTED.
ACTIVLAB – LIFT YOUR WORLD

WE HAVE BEEN CREATING THE BEST DIETARY SUPPLEMENTS FOR OVER 20 YEARS WITH THE GREATEST PASSION AND COMMITMENT.

ALL THE PRODUCTS IN THIS CATALOG ARE BORN FROM THE NEEDS OF PEOPLE LIKE YOU. WE KNOW YOU ARE LOOKING FOR THE HIGHEST QUALITY PRODUCTS, AND THE FIRST STEP TO PROVIDE THEM IS TO USE THE BEST RAW MATERIALS FROM INTERNATIONAL, RENOWNED SUPPLIERS WITH WHOM WE COOPERATE WITH FOR YEARS. TO BE CERTAIN, EACH LOT OF THE IMPORTED RAW MATERIAL IS CAREFULLY TESTED BY OUR QUALITY CONTROL DEPARTMENT, WHICH IS EXTREMELY RESTRICTIVE TO HAVING THE APPROPRIATE CERTIFICATES AND PERMITS. WE DO NOT RECOGNIZE COMPROMISE ON THIS ISSUE

COMPOSITIONS AND RECIPES ARE CREATED BY OUR R&D TEAM IN A MODERN LABORATORY, WHERE WE ARE ALSO ABLE TO CONDUCT SENSORY ANALYSIS OF PRODUCTS TO BE CERTAIN THAT OUR PRODUCTS- IN ADDITION TO THE EXEMPLARY QUALITY THOUGHTFUL ACTIONS - WILL SUIT EVERY TASTE.

OUR OWN PRODUCTION IN THREE PLANTS IS UNDISBABLE OUR GREATEST ADVANTAGE. STORAGE, MIXING AND CONFECTION PROCESSES ARE DONE ACCORDING TO STRICTLY DEFINED PROCEDURES WE HAVE DEVELOPED WITH THE BEST SPECIALISTS WITHIN HACCP AND GMP (GOOD MANUFACTURING PRACTICE). EACH LOT OF THE READY PRODUCT COMES BACK TO THE QUALITY CONTROL LABORATORY TO HAVE 100% CONFIDENCE THAT DURING VERY COMPLICATED PROCESSES, WE HAVE DONE EVERYTHING WE COULD AND CREATED PERFECT SUPPLEMENTS FOR YOU. OUR POSSIBILITIES HAVE ALSO OPENED THE WAY FOR THE PRODUCTION OF PHARMACEUTICAL QUALITY SUPPLEMENTS AVAILABLE IN OUR ACTIVLAB PHARMA BRAND.

WE HAVE OUR OWN WAREHOUSE AND LOGISTICS, WHICH WE HAVE IMPROVED FOR YEARS TO CONTINUE TO COMPETE WITH THE BEST ONES AND SET NEW STANDARDS. WE ARE THE BEST IN THIS!

THANKS TO THIS, WE DELIVER THE PRODUCTS TO OUR DISTRIBUTORS ON TIME, AND THE PRICES WE OFFER ARE VERY ATTRACTIVE.

ACTIVLAB PRODUCTS CAN BE FOUND IN THE BEST SPORTS STORES, HYPERMARKETS AND ON THE INTERNET, INCLUDING THE AMAZON INTERNATIONAL SALES PLATFORM.

MASS GAINERS

Products based on macronutrients like protein, carbohydrates and healthy fats, designed to help gaining muscle mass

MASS UP

- ★ **LEGENDARY GAINER
WITH LOTS OF CALORIES**
- ★ **IDEAL PROPORTIONS OF PROTEINS AND CARBOHYDRATES
FOR PEOPLE WHO HAVE A PROBLEM WITH WEIGHT GAIN**
- ★ **INCLUDES ANABOLIC CREATINE
AND TAURINE ADDITION**

MASS UP is a delicious carbohydrate and protein supplement intended for people who want to increase body weight or, due to a very high caloric demand, support the regeneration of the body.

NUTRITIONAL VALUE (Nutritional Value of 100g)

Energy value	1668 kJ / 393 kcal
Fat	0,5 g
including saturated fatty acids	0,1 g
Carbohydrates	87 g
including sugars	17,5 g
Protein	10 g
Salt	0,10 g
Creatine	2 g
Taurine	2 g

Package: 1200 g, 2000 g, 3500 g, 5000 g

FLAVORS: STRAWBERRY · BANANA · CHOCOLATE · BLUEBERRY · VANILLA · PEACH · COOKIE
· FUDGE · SALTY CARAMEL

DE LUXE GAINER

- ★ **WPC BASED AND COMPLEX
CARBOHYDRATES GAINER**
- ★ **CONTAINS 20% OF FULL VALUE PROTEIN**
- ★ **IDEAL FOR PEOPLE WHO LOOK FOR A HIGH-PROTEIN
MEAL REPLACEMENT**

DE LUXE GAINER is a supplement based on whey protein (WPC) and complex carbohydrates - maltodextrins. Thanks to this, each shake made on its basis is not only incredibly tasty, but also provides high-quality nutrients to rebuild muscles and replenish glycogen stores.

NUTRITIONAL VALUE (Nutritional Value of 100g)

Salt	0,27 g

Package: 3000 g

FLAVORS: STRAWBERRY · CHOCOLATE · VANILLA

RICE CARBS + PROTEIN

- ★ **RICE-BASED HIGH-CALORIC MEAL REPLACEMENT**
- ★ **CONTAINS 30% PROTEIN AND COMPLEX CARBOHYDRATE**
- ★ **PERFECT AS A TRAINING MEAL OR A SNACK**

RICE CARBS + PROTEIN is a product based on high-quality rice flour with the addition of rice protein. It is perfect for making gruel, i.e. the popular „cream of rice“, but in this version it provides as much as 30% protein! Protein is responsible for the maintenance and development of muscle mass, and carbohydrates are a source of energy not only for muscles, but also for the brain.

To prepare a meal based on RICE CARBS + PROTEIN, just pour very hot water over it and mix it.

TIP: You can supplement the gruel based on RICE CARBS + PROTEIN with a source of healthy fats - e.g. peanut butter. This will slow down the release of carbohydrates and ensure a stable energy level after a meal.

NUTRITIONAL VALUE (Nutritional Value of 100g)

FLAVORS: APPLE + CINNAMON

HIGH
QUALITY | **GUARANTEED**

PROTEIN POWDERS

High-protein products, the role of which is to supplement the diet with wholesome proteins, which can most often be prepared in the form of delicious shakes.

WPC 80 STANDARD

- ★ **HIGH QUALITY WHEY PROTEIN CONCENTRATE (WPC)**
- ★ **REFINED FLAVORS AND MODEL SOLUBILITY**
- ★ **UNIVERSAL PROTEIN SUPPLEMENT HELPING REPLENISHING PROTEIN IN BOTH MASS AND REDUCTION DIET**

WPC80 is a classic protein supplement, based on whey proteins. Their high content in the product makes it an ideal source of easily digestible protein - the most important macronutrient for building muscle mass and a dream figure. Whey protein is also a source of exogenous amino acids (EAA), which the body is unable to produce on its own, and are essential for the proper synthesis of muscle proteins (MPS).

(Nutritional Value of 100g)

MEGA PROTEIN

- ★ **PROTEIN SUPPLEMENT DIRECTED FOR PERSONS BUILDING MUSCLE MASS**
- ★ **CONTAINS AN ADDITION OF CREATINE AND TAURINE**
- ★ **PERFECTLY TASTES AND MIXES WITH WATER OR MILK**

MEGA PROTEIN is a supplement based on whey protein (70% protein), with the addition of maltodextrins, creatine and taurine. The product is distinguished by the availability of dessert flavors, based on coffee and chocolate, which undoubtedly, when mixed with milk, makes it one of the tastiest conditioners on the market! Coffee flavors contain an addition of caffeine.

(Nutritional Value of 100g)
Daily portion of 100g

Caffeine (coffee flavor)	50 mg
Caffeine (mocca flavor)	25 mg

Package: 700 g

FLAVORS: COFFEE, CHOCOLATE, BANANA WITH CHOCOLATE, MOCCA, COCONUT WITH CHOCOLATE, TIRAMISU, SALTED CARAMEL, CHOCOLATE WITH NUTS, CHOCOLATE WITH STRAWBERRIES, COOKIES WITH MILK CHOCOLATE, CHOCOLATE WITH CHILLI.

100% WHEY PREMIUM

- ★ **THE HIGHEST QUALITY WHEY PROTEIN (WPC)**
- ★ **HIGH PROTEIN CONTENT (75%)**
- ★ **REFINED FLAVORS AND VERY GOOD MIXING**

100% WHEY PREMIUM is a high-protein supplement, the source of which is exclusively whey protein concentrate (WPC). This protein has a complete amino acid profile, is also rich in essential amino acids, is easy to digest and is quick to digest. The product can be used around training, as an immediate support for regeneration or as a supplement to meals with protein.

TIP: Using a WPC protein supplement before a meal with a high glycemic index (such as a cheat meal) will reduce your insulin response and help you avoid the urge to snack later.

NUTRITION VALUE for 100 g

Energy value	1704 kJ/403 kcal
Fat	7,1 g
including saturated fatty acids	4,6 g
Carbohydrates	9,8 g

FLAVORS: BERRY • STRAWBERRY • COFFEE • VANILLA • MILK CHOCOLATE • FUDGE • CHOCOLATE • SALTY CARAMEL

PROTEIN SHAKE

- ★ **WHEY PROTEIN CONCENTRATE AND SOY PROTEIN ISOLATE**
- ★ **HIGH CONTENT OF ARGININE RESPONSIBLE FOR THE EFFECT OF THE MUSCLE PUMP AND REGENERATION**
- ★ **LOW IN FAT AND CARBOHYDRATES**

Protein Shake is a protein supplement in the form of a combination of the highest quality whey protein concentrate and soy protein isolate in the proportion (50/50). Protein contributes to the growth of muscle mass and helps to maintain it.

NUTRITION VALUE for 100 g

Energy value	1488 kJ / 351 kcal

Package: 750 g

FLAVORS: VANILLA, CHOCOLATE, STRAWBERRY.

GREEN PROTEIN MIX

- ★ **MIXTURE OF VEGETABLE PROTEINS**
- ★ **CONTAINS THE ADDITION OF EXTRACTS, POWDERED VEGETABLES AND FRUIT**
- ★ **PRODUCT IN THE FORM OF CONVENIENT SACHETS**

GREEN PROTEIN MIX is a blend of pea, hemp and rice proteins, giving it a more complete amino acid profile. It will certainly be appreciated by athletes and people who work on the figure, because thanks to the appropriate supply of exogenous amino acids, they can maintain and build up muscle mass.

TIP: GREEN PROTEIN MIX is ideal as an addition to morning porridge and can make it even more nutritious, and the extracts, additionally contained in the product, will provide a whole lot of antioxidants.

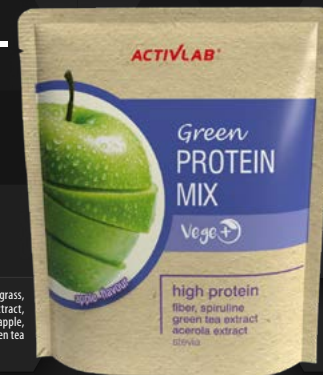

NUTRITION VALUE for 100 g (Daily dose (33g + 150 ml of water))

Energy value	1500 kJ/356 kcal
Fat	
including saturated	4 g
fatty acids	0,5 g
Carbohydrates	15 g

* (powdered spirulina, powdered barley grass, powdered wheatgrass, powdered chlorella, powdered alfalfa, acerola extract, green tea extract, grape seed extract, powdered broccoli, powdered spinach, powdered apple, powdered cabbage, powdered artichoke, powdered avocado juice, green tea matcha, powdered watermelon, powdered ginger root)

Package: 30 g sachet, display 20 sachets

FLAVORS: GREEN APPLE

100% ISOLATE DE LUXE ZERO

- ★ **WHEY PROTEIN ISOLATE (WPI)**
- ★ **LOW FAT AND SUGAR CONTENT**
- ★ **IDEAL SUPPORT FOR REGENERATION AFTER TRAINING**

DE LUXE ISOLATE is a high-protein supplement with over 85% protein content. It is based entirely on whey protein isolate (WPI), which is almost devoid of fats and sugars, including lactose. Such a concentrated source of protein quickly supplies the pool of amino acids necessary for muscle regeneration and growth. The product is also distinguished by perfectly developed flavors and solubility!

TIP: If you want to preserve the most important benefits of Whey Protein Isolate (WPI), only mix it with water! Milk will slow down the digestion of the nutrient, amino acids will enter the bloodstream at the rate that WPC does.

NUTRITION VALUE for 100 g

Energy value	1472 kJ/347 kcal
Fat	<0,5
including saturated fatty acids	0,4 g
Carbohydrates	<0,5

WPC 80 STANDARD LASTOSE FREE

LACTOSE FREE

NO SUGARS ADDED

ASPARTAME FREE

WPC 80 Standard LACTOSE FREE is a high-protein powder supplement, consisting of 100% pure whey protein concentrate with a reduced sugar content. The product contains a high protein content, which supports the building of lean muscle mass, inhibits catabolism and increases protein synthesis – enhances anabolic processes. The product does not contain lactose.

The supplement is characterized by great solubility and delicious flavors, developed in cooperation with specialists who create aromas in one of the leading European companies. WPC 80 Standard is recommended for both people building muscle mass and reducing unnecessary fat tissue. It is perfect as a dietary supplement with valuable animal proteins.

ACTIVLAB®
LIFT YOUR WORLD

PROTEIN

SOYA PRO

- ★ **HIGH PROTEIN SUPPLEMENT BASED ON SOY PROTEIN ISOLATE (SPI)**
- ★ **PERFECT PROTEIN SOURCE FOR VEGAN AND VEGETARIAN**
- ★ **LOW FAT AND SUGAR FREE**

SOYA PRO is a high-protein supplement in which the source of protein is soy protein isolate. It is perfect as a supplement to vegan and vegetarian diets, providing valuable protein rich in amino acids necessary in the process of muscle regeneration. The product will also work for people who are allergic to milk (whey) proteins.

MUSCLE UP PROTEIN

- ★ THE SOURCE OF THE HIGHEST QUALITY WHEY PROTEIN
- ★ ENRICHED WITH TAURINE AND CREATINE
- ★ FOR PEOPLE WHO WANT TO BUILD MUSCLE MASS

Muscle Up Protein is a source of the highest quality whey protein commonly used in sports supplementation. Additionally, the product has been enriched with creatine and taurine.

Whey protein concentrate is the highest quality animal protein obtained from whey, which is a by-product of the cheese production process. Currently, technological processes enable the isolation of whey proteins from whey. This is possible thanks to the ultrafiltration process, which allows the whey to be removed from fat and lactose.

Whey protein concentrate is characterized by a high biological value and a large share of exogenous amino acids.

CREATINE

The most popular, and best-tested for effectiveness and safety, dietary supplement for increasing muscle mass and strength.

CREATINE POWDER SUPER

- ★ CREATINE IN THE FORM OF MONOHYDRATE
- ★ EFFECTIVE FOR INCREASING STRENGTH AND MUSCLE MASS
- ★ WITHOUT ADDITIONS OF OTHER ACTIVE INGREDIENTS

CREATINE POWDER SUPER is a powdered dietary supplement containing creatine monohydrate. It is the most popular, legal substance that increases strength and muscle mass. Already 3g of creatine monohydrate a day are able to significantly improve the strength and exercise parameters.

NUTRITIONAL VALUE
(Daily dose 6 g)

Creatine monohydrate 5000 mg

Package: 500 g

FLAVORS: LEMON · BLACK CURRANT · ORANGE · NEUTRAL

CREATINE MONOHYDRATE

- ★ CREATINE IN THE FORM OF MONOHYDRATE
- ★ INTERESTING, VERY ATTRACTIVE FLAVORS
- ★ THE STRONGEST, LEGAL SUPPLEMENT FOR BUILDING MUSCLE MASS

CREATINE MONOHYDRATE is a supplement that provides high-quality creatine monohydrate. The product is dedicated to people who are looking for a breakthrough from ordinary creatines that do not stand out with anything special. CREATINE MONOHYDRATE comes in three interesting flavors that will change monotonous supplementation into the most delicious muscle building!

NUTRITIONAL VALUE
(Daily dose 6g)

Creatine monohydrate 4,5 g

Package: 500 g

FLAVORS: COLA · BALLOON GUM · ICE CANDIES

CREATINE CAPSULES

- ★ IT HELPS TO INCREASE LEAN MUSCLE MASS
- ★ IT INCREASES EFFICIENCY AND CONTRIBUTES TO AN INCREASE IN ENERGY
- ★ IT AFFECTS FASTER AND MORE EFFECTIVE REGENERATION OF MUSCLE TISSUE

Creatine increases physical performance in the case of consecutive short, very intense physical exercises. The beneficial effect occurs when consuming 3 g of creatine daily. Creatine Tabs is recommended for athletes engaged in various disciplines as a support for recreational and competitive training.

NUTRITIONAL VALUE
(Daily dose (4 tablets))

Creatine monohydrate 4000 mg

Package: 300 capsules

CREATINE TABS

- ★ INCREASES PHYSICAL PERFORMANCE IN THE CASE OF CONSECUTIVE SHORT INTENSE EXERCISES
- ★ SUPPORTING RECREATIONAL AND COMPETITIVE TRAINING
- ★ FOR PEOPLE WHO WANT TO INCREASE MUSCLE MASS

Creatine increases physical performance in the case of consecutive short, very intense physical exercises. The beneficial effect occurs when consuming 3 g of creatine daily. Creatine Tabs is recommended for athletes engaged in various disciplines as a support for recreational and competitive training.

NUTRITIONAL VALUE
daily dose (4 tablets)

Creatine monohydrate 4000 mg

Package: 120 tablets • 240 tablets

CREAVITA

- ★ **MATRIX OF CREATINE MONOHYDRATE AND TAURINE**
- ★ **ADDITION OF ADVANCED B-VITAMIN COMPLEX (WITH P-5-P AND METHYLCOBALAMINE)**
- ★ **PERFECT FLAVOURS!**

CREAVITA is a modern supplement designed to support anabolic processes in everyone level! The addition of active forms of B vitamins supports the overcoming of barriers and fatigue, so as to be able to use the full potential of the most effective combination creatine with taurine.

NUTRITION VALUE for 100 g
NUTRITION FACTS daily portion (10 g)

Creatine monohydrate	5000 mg
Taurine	1000 mg

FLAVORS: LEMON - LIME · MOJITO · GRAPE

CREA-SHOT 2.0

- ★ **ADVANCED MIX OF ANABOLIC COMPONENTS**
- ★ **ADDITION OF BETA-ALANINE AND ELECTROLYTES**
- ★ **PERFECT PRE-WORKOUT OPTION**

CREA-SHOT 2.0 is a pre-workout blend based on three chemical forms of creatine: monohydrate, malate and ethyl ester (CEE). In addition, the preparation has been supplemented with beta-alanine, l-tyrosine and citrulline malate, which can improve training parameters.

TIP: CREA-SHOT 2.0 can be used not only before training, but also during the training, so that the creatine from the product instantly replenishes the resources of ATP - the „battery“ for working muscles.

NUTRITION VALUE for 20 g
(Daily dose (20 g + 250 ml of water))

Beta-alanine	3 g	Taurine	1 g	Folic acid	200 µg

Package: 500 g, 20 g sachet, display 20x sachet

FLAVORS: LEMON · ORANGE · GRAPE

A woman with long blonde hair tied back, wearing a black sports bra and grey leggings, is holding a red 2KG weight plate. She is wearing white and black fingerless gloves. The background is a blurred gym setting with other equipment and bright lights. The right side of the image has a dark background with a hexagonal pattern and a large red weight plate graphic.

AMINO ACIDS

Supplements that provide direct building blocks for all proteins in the body - amino acids.
Thanks to their special properties and structure, they also show functional effects.

AMINO COMPLEX

- ★ COMBINATION OF HYDROLYSED CHICKEN AND WHEY PROTEIN
- ★ HIGH BCAA CONCENTRATION
- ★ LOW FAT AND LACTOSE TO MAXIMIZE ABSORPTION TIME

Amino Complex is a composition of the highest quality amino acids from min. from whey protein hydrolyzate, poultry protein hydrolyzate, egg albumin and whey protein concentrate. Amino acids are the basic building block of proteins. Protein contributes to the growth and maintenance of muscle mass. Amino Complex provides a complete set of protein amino acids. Exogenous amino acids cannot be produced by the body, so they should be supplied with food.

NUTRITIONAL VALUE

(12 tablets a day, preferably 4 tablets on an empty stomach, 4 tablets before training and 4 tablets after training)

Amino acids:	10 000 mg	L-Glutamine	1490 mg
L-Leucine	830 mg	Glycine	755 mg
L-Isoleucine	450 mg	L-Histidine	185 mg
L-Lysine	775 mg	L-proline	710 mg
L-Methionine	230 mg	L-Serine	495 mg
L-Phenylalanine	375 mg	L-Tyrosine	280 mg
L-Threonine	490 mg		
L-Tryptophan	130 mg		
L-Valine	490 mg		
L-Alanine	660 mg		
L-Arginine	495 mg		
L-aspartic acid	975 mg		
L-Cysteine	185 mg		

Package: 120, 300 tablets

FLAVORS: POMEGRANATE

BCAA XTRA

- ★ OPTIMAL BCAA 2:1:1 RATIO
- ★ 3,5G OF L-GLUTAMINE EACH PORTION
- ★ WORLD'S FIRST BCAA WITH GLUTAMINE

BCAA Xtra contains branched chain amino acids (leucine, isoleucine, valine) and glutamine. BCAA amino acids constitute approx. 35% of the essential amino acids building muscle protein and nearly 50% of the amino acids that must be supplied with food. Glutamine plays the role of a „nitrogen source“ for biochemical processes in the body.

NUTRITION VALUE for 10g

(10 g (2 teaspoons), dissolve in 250 ml of water, shaking in a water bottle. On training days: a serving of 10 g before training and 10 g after training. On non-training days: one 10 g serving before a meal)

L-leucine	2,5 g
L-isoleucine	1,25 g
L-valine	1,25 g
L-glutamine	3,5 g

Package: 500 g

FLAVORS: LEMON • BLACK CURRANT • GRAPEFRUIT • PEAR • BLUEBERRY • KIWI
ORANGE • STRAWBERRY • CHERRY

BCAA XTRA INSTANT

- ★ OPTIMAL BCAA 2:1:1 RATIO
- ★ 3,5G OF L-GLUTAMINE EACH PORTION
- ★ PERFECT SOLUBILITY

Each 10 g portion of BCAA Xtra Instant Activlab contains 5 g of BCAA amino acids in the optimal 2: 1: 1 ratio and 3.5 g of L- Glutamine. BCAA amino acids constitute approx. 35% of the essential amino acids building muscle protein and nearly 50% of the amino acids that must be supplied with food. Most of the glutamine is synthesized in skeletal muscles and accounts for over 60% of all amino acids that build human muscles

NUTRITION VALUE for 10g
(1 scoop of powder (10 g) dissolve in 250 ml of water)

L-leucine	2,5 g
L-isoleucine	1,25 g
L-valine	1,25 g
L-glutamine	3,5 g

Package: 500 g, 800 g

FLAVORS: ORANGE · LEMON · COLA · GRAPEFRUIT · KIWI
STRAWBERRY · CHERRY · WATERMELON · PISTACHIO-LYCHEE

BCAA XTRA DRINK

- ★ THE FIRST AMINO ACID DRINK IN THE WORLD
- ★ 5000 MG OF BRANCHED CHAIN AMINO ACIDS IN OPTIMAL PROPORTIONS
- ★ IT SHORTENS THE REGENERATION PERIOD AFTER AN INTENSIVE PHYSICAL EXERTION AND HAS A POSITIVE EFFECT ON BODY ENDURANCE

BCAA Xtra Drink is a functional drink containing BCAA amino acids. BCAA Xtra Drink contains 5000 mg of branched chain amino acids in optimal proportions, and the convenient form of the can allows you to always have a drink with you. This is a new version of our iconic BCAA Xtra Drink, the world's first BCAA in the form of a drink. With an improved composition

NUTRITIONAL VALUE
(1 can before or after training)

BCAAs, including:	5000 mg
L-leucine	2500 mg
L-isoleucine	1250 mg
L-valine	1250 mg

Package: 330 ml

FLAVORS: LEMON · ORANGE

MASTER DRINK

- ★ AN AMINO ACID DRINK IN THE FORM OF A DELICIOUS DRINK
- ★ PROVIDES A COMPLETE SET OF EXOGENOUS AMINO ACIDS, INCLUDING BCAA
- ★ PERFECT AS A REFRESHING DRINK DURING TRAINING

MASTER DRINK is a dietary supplement in the form of a delicious, carbonated drink that provides a complete set of exogenous amino acids necessary for muscle development. The product does not contain sugar and can be used at any time.

NUTRITION VALUE for 500 ml

Energy value	119 kJ / 28 kcal	L-Lysine	1 800 mg
Fat	0 g	L-Valine	1 560 mg
including saturated	0 g	L-Isoleucine	1 200 mg

FLAVORS: ORANGE

GLUTAMINE 1000 TABS

- ★ A CONVENIENT FORM OF FLAVORED TABLETS
- ★ GLUTAMINE BUILDS 60% OF MUSCLE PROTEINS
- ★ SUPPORT FOR A HEALTHY GUT AND IMMUNITY

GLUTAMINE 1000 TABS is a dietary supplement in the form of flavored tablets that provides a valuable amino acid - L-glutamine. It is abundant in muscles, accounting for up to 60% of their mass, therefore glutamine is extremely important for the maintenance and development of muscles. In addition, glutamine is involved in immune processes and has a positive effect on gut health.

NUTRITIONAL VALUE

(4 tablets, preferably 2 tablets before training and 2 tablets after workout)

L-glutamine 4000 mg

Package: 120, 240 tablets

FLAVORS: RASPBERRY

BCAA 1000 XXL TABS

- ★ 1000MG BCAA IN EACH TABLET
- ★ OPTIMAL RATIO BETWEEN AMINO ACIDS: 2: 1: 1
- ★ A CONVENIENT FORM OF TAKING THE SUPPLEMENT

BCAA 1000 XXL TABS is a dietary supplement in the form of tablets, providing branched chain amino acids: leucine, isoleucine and valine in optimal proportions, i.e. 2: 1: 1. The use of the product before training supplements the BCAA pool in the bloodstream, which effectively blocks the appearance of drowsiness and fatigue due to the change in the concentration of another amino acid - l-tryptophan. In addition, leucine is actively involved in the synthesis of muscle proteins.

NUTRITION VALUE

(8 tablets a day. 4 tablets before training and 4 tablets after training. Do not exceed the recommended daily dose. Dietary supplement cannot be used as a substitute for a varied diet.)

L-leucine	4 g
L-isoleucine	2 g
L-valine	2 g

Package: 120, 240 tablets

EAA XTRA

- ★ A SET OF EXOGENOUS AMINO ACIDS
- ★ INVOLVES MUSCLE REGENERATION DURING AND AFTER TRAINING
- ★ ADDITION OF VALUABLE VITAMINS

EAA XTRA is a powder supplement that provides a complete set of essential exogenous amino acids (EAA), including branched chain amino acids (BCAA). These amino acids must be supplied from food as the body cannot produce them on its own.

TIP: The use of EAA amino acids together with carbohydrates, eg CARBOMAX, during training, allows you to significantly increase the synthesis of muscle proteins in relation to the rate of their breakdown (catabolism, MPB).

NUTRITION VALUE for 10g

L-Isoleucine	1000 mg
L-Leucine	1950 mg
L-Lysine	1500 mg
L-Methionine	500 mg
L-Phenylalanine	750 mg
L-Threonine	750 mg
L-Tryptophan	200 mg
L-Valine	1300 mg
Thiamin (Vitamin B1)	0,55 mg
Riboflavin (Vitamin B2)	0,7 mg
Niacin (B3)	8 mg
Pantothenic acid (B5)	3 mg
Vitamin B6	0,7 mg
Biotin (B7)	25 mg
Folic acid (B9)	100 mg
Vitamin B12	1,25 mg

Package: 500 g

FLAVORS: LEMON · ORANGE · GRAPEFRUIT

EAA XTRA INSTANT

- ★ A MIXTURE OF AMINO ACIDS WITH PERFECT SOLUBILITY
- ★ ADDITION OF VALUABLE B VITAMINS SUPPORTING ENERGY CONVERSION
- ★ REFRESHING, FRUITY FLAVORS

EAA XTRA INSTANT is a dietary supplement in the form of a powder with perfectly developed solubility and flavors. The product provides essential amino acids (EAA), which are essential for the synthesis of muscle proteins and regeneration after training. EAA supplementation just around the training period is crucial to fully use the potential of training stimuli.

NUTRITIONAL VALUE

(12 tablets a day, preferably 4 tablets on an empty stomach, 4 tablets before training and 4 tablets after training)

L-Leucine	1,95 g	Biotin (B7)	25 mg
L-Isoleucine	1,0 g	Folic acid (B9)	100 mg

Package: 500 g

FLAVORS: RASPBERRY-STRAWBERRY · WATERMELON · MANGO-BLACKBERRY

EAA XTRA SHOT

- ★ A SET OF EXOGENOUS AMINO ACIDS IN A CONVENIENT SHOT FORM
- ★ PERFECT FOR USE BEFORE, DURING OR AFTER TRAINING
- ★ PROPORTIONS OF AMINO ACIDS SELECTED ACCORDING TO WHO RECOMMENDATIONS

EAA XTRA SHOT is a dietary supplement in the form of a drink closed in a convenient, small bottle. Each shot contains a portion of EAA amino acids in the amount recommended by the World Health Organization - WHO. These amino acids are crucial for the synthesis of proteins in the body, and their supply from outside is crucial, because the body is unable to produce exogenous amino acids on its own.

TIP: Whenever you miss a meal and you have an unexpected effort, keep a bottle of amino acids at hand to reduce catabolic processes.

NUTRITION VALUE for 80 ml

(10 g (2 teaspoons), dissolve in 250 ml of water, shaking in a water bottle. On training days: 10g serving before training and 10 g after training.

On non-training days: one serving of 10 g before meals)

EAA	4600 mg
L-Histidine	250 mg
L-Isoleucine	500 mg
L-leucine	975 mg
L-lysine	750 mg
L-methionine	375 mg
L-phenylalanine	625 mg
L-threonine	375 mg
L-tryptophan	100 mg
L-valine	650 mg

Package: 1 shot 80 ml • display: 12 shots

FLAVORS: LEMON-LIME

CARBOHYDRATES

Nutrition supplements whose role is to provide easily digestible carbohydrates, which are the main source of energy for athletes.

Package: • 31,5 g sachet, display 20x 31,5 sachet, 630 g jar

FLAVORS: LEMON WITH GREEN TEA • GRAPEFRUIT WITH GINSENG • COCONUT • ORANGE WITH GUARANA
• CHERRY • WATERMELON • TEA WITH LEMONGRASS • ICED PEACH TEA • ICED LEMONADE
• KIWI POMEGRANATE COOLING • PINEAPPLE • MULTI-FRUIT • EXOTIC • BLACKCURRANT WITH APPLE
• RHUBARB-LEMON • RASPBERRY-LIME • STRAWBERRY-MINT

ISOACTIVE ZERO

ZERO SUGAR AND CARBOHYDRATES

HELPS TO MAINTAIN STAMINA DURING LONG ACTIVITIES

Product without sugar. Group positions, fluids, salts (sodium, chloride and magnesium), and group vitamin.

Package: 225 g

FLAVORS: • GRAPEFRUIT • LEMON

ISOACTIVE

HIGH QUALITY | **GUARANTEED**

WORLD'S FIRST ISTONIC WITH A FUNCTIONAL ADDITIVES

BASED ON CARBOHYDRATES, ELECTROLYTES, MINERALS AND B-VITAMIN

HELPS TO MAINTAIN STAMINA DURING LONG ACTIVITIES

Isoactive is an isotonic drink which is an OPTIMUM COMPOSITION OF CARBOHYDRATES, ELECTROLYTES, MINERAL ELEMENTS AND GROUP B VITAMINS. The practical sachet is extremely convenient to use, and its content is sufficient to prepare up to 500 ml of isotonic drink. The preparation perfectly complements the water loss in the body, at the same time providing the most important electrolytes, i.e. sodium, potassium, chlorides, calcium and magnesium. The optimal content of vitamins from the group.

ACTIVLAB®
LIFT YOUR WORLD

CARBOHYDRATES

ISOACTIVE PURE

- ★ PURE ELECTROLYTES & CARBOHYDRATES COMPOSITION
- ★ GLUCOSE TO FRUCTOSE OPTIMAL 2:1 RATIO
- ★ NO ARTIFICIAL ADDITIVES

Isoactive PURE by Activlab is the only product on the market whose composition has been developed according to the guidelines of the EU and the Australian Institute of Sport. The product is a pure composition of electrolytes, mineral elements, carbohydrates and B vitamins. It does not contain any artificial additives (flavors, dyes, preservatives, sweeteners). Isoactive PURE is the optimal proportion of simple carbohydrates - glucose / fructose 2: 1.

CARBOMAX

- ★ COMPOSITION OF CARBOHYDRATES, VITAMINS AND MINERALS
- ★ HELPS TO REPLENISH ENERGY AFTER INTENSIVE EXERCISES
- ★ QUICK ENERGY SHOT

CARBOMAX is a dietary supplement based on carbohydrates derived from maltodextrins. They are complex sugars that quickly release glucose and allow it to enter the bloodstream at an optimal rate to power working muscles. The product has been enriched with a set of vitamins and minerals.

TIP: CARBOMAX can also be used after training, in order to quickly regenerate glycogen resources. CARBOMAX will also allow you to better saturate your muscles with creatine and amino acids

Supplements supporting the body's efficiency before, during and after training.

BLACK WOLF

- ★ **VERY POPULAR
PREWORKOUT MIXTURE**
- ★ **A POWERFUL
DOSE OF ENERGY**
- ★ **PERFORMANCE
BOOSTER**

BLACK WOLF is an advanced pre-training mixture, the task of which is to increase training parameters, starting from the mental issue - better concentration and focus thanks to caffeine, tyrosine, a complex of B vitamins, to the improvement of training parameters such as strength and endurance, which is primarily responsible for creatine and beta-alanine. Products such as BLACK WOLF are perfect when we don't have enough energy to train. For energy boosting use with a small amount of carbohydrates, eg CARBOMAX.

TIP: If you feel the need to use more BLACK WOLF power, instead of increasing the dose, take the second dose and sip it in small sips throughout the training.

NUTRITION VALUE for 20 g

TRAINING

BLACK WOLF SHOT

- ★ IT IMPROVES ENDURANCE AND REDUCES PHYSICAL FATIGUE
- ★ IT IMPROVES CONCENTRATION AND INCREASES THE OVERALL EFFICIENCY OF THE BODY
- ★ A HIGH DOSE OF ENERGY - EXCELLENT PRE-WORKOUT

BLACK WOLF SHOT is a pre-training mix in the form of a shot, which contains valuable ingredients that improve the exercise parameters of people who train. The caffeine contained in it stimulates and reduces the feeling of fatigue. A solid dose of beta-alanine helps to increase the amount of carnosine in the muscles - a natural buffer that allows the body to work more efficiently.

NUTRITION VALUE for (1/2 shot - 40 ml):
(The product contains 2 portions of 1/2 shot (40 ml) before training.)

Beta-alanine	2500 mg
Phenylalanine + Tyrosine	500 mg
Caffeine	200 mg
Niacin (B3)	16 mg
Vitamin B6	2,1 mg
Vitamin B12	5 µg

Package: 80 ml shot, display x 12 shots

KUMITE

- ★ INNOVATIVE PRE-TRAINING MIX
- ★ A COMBINATION OF INGREDIENTS THAT INCREASE EFFICIENCY AND ENERGIZE
- ★ ADDITION OF VALUABLE VITAMINS AND MINERALS

KUMITE is a pre-training mixture designed for people training martial arts for whom endurance, focus and concentration are more important than a muscle pump. KUMITE is based on proven ingredients such as beta-alanine, creatine malate, citrulline malate or caffeine with taurine. The addition of vitamins and minerals helps the body to supplement any deficiencies that are also of great importance for the sports form and exercise predisposition.

NUTRITION VALUE for 20g

Stamina Matrix		Energy Formula

DE LUXE BEET SHOT

- ★ NATURAL PREWORKOUT BASED ON NITRATES FROM BEET JUICE
- ★ HELPS TO IMPROVE STAMINA AND PERFORMANCE
- ★ SCIENCE-PROVEN EFFECTIVITY

Beet Shot Activlab contains concentrated beetroot juice with the addition of citrulline. It contains a high content of nitrates. Citrulline is an organic chemical compound from the group of amino acids, a derivative of ornithine. Its main advantage is supporting the process of arginine synthesis in the human body. In practice, this means that the amount of citrulline ingested will increase the amount of arginine in our body. This action directly translates into the amount of nitric oxide that is synthesized under the influence of arginine, it will affect for vasodilation and better blood supply to the working muscle.

NUTRITION VALUE for 100ml

Thickened juice from beet	80 ml
including Betaine (Trimethylglycine)	550 mg
L-Citrulline	2000 mg

Package: 80 ml shot, display x 12 shots

DE LUXE CHERRY SHOT

- ★ VITAMIN C
- ★ 80 ML FROM 500 G OF CHERRIES
- ★ CELL PROTECTION

Cherry juice concentrate. Sour cherry (80 ml from 500 g of cherries) with the addition of vitamin C, pasteurized. The product is used by people looking for acceleration of regeneration after physical exertion and support in the fight against muscle sores.

NUTRITION VALUE for 1 shot

Concentrated cherry juice	80 ml
Vitamin C	80 mg

Package: 80 ml shot, display x 12 shots

FLAVORS: CHERRY

BETA ALANINE

- ★ MAIN CARNOSINE COMPONENT
- ★ HELPS TO IMPROVE STAMINA
- ★ EASY TO CONSUME FORM OF CAPSULES

Beta-Alanina by Activlab is a product designed specifically for people training strength and endurance sports. One capsule contains as much as 1000 mg of beta-alanine!

NUTRITIONAL VALUE
(daily dose (4 capsules))

Beta-alanine 4000 mg

Package: 60 capsules

BETA ALANINE XTRA

- ★ A PRE-TRAINING PREPARATION BASED ON BETA-ALANINE
- ★ REGULAR SUPPLEMENTATION INCREASES THE OVERALL ENDURANCE OF THE BODY
- ★ CAN MAKE IT ITCHY!

BETA-ALANINE XTRA is a dietary supplement in the form of a flavored powder that contains beta-alanine. It is an amino acid that, together with histidine, forms a molecule of carnosine - a hydrogen buffer in the muscles that delays muscle acidification and allows them to work at full capacity for longer.

TIP: If you feel itchy after consuming beta-alanine, divide the daily dose into several smaller ones and use at different times of the day.

NUTRITION VALUE for 3,5 g

Beta-alanine 3000 mg

Package: 300 g

FLAVORS: APPLE · STRAWBERRY · COLA

CITRULLINE XTRA

- ★ IMPROVES MUSCLE PERFORMANCE
- ★ HELPS TO DELAY FEELING OF TIREDNESS
- ★ MAKES RECOVERY MORE EFFECTIVE

Citrulline Xtra is a combination of L-citrulline and malate (malic acid). The use of the product increases the body's efficiency, delays the feeling of fatigue and accelerates the regeneration process. Citrulline is an amino acid that is transformed in the body into arginine, from which nitric oxide (NO) is produced in the blood vessels. The product will also work as an excellent supplementation supplement for people who are in the process of reduction of adipose tissue, who want to reduce the loss of muscle tissue.

NUTRITION VALUE for 6 g

Citrulline malate	5000 mg
including citrulline	2800 mg

Package: 200 g

FLAVORS: SWEETS • LEMON • APPLE

ARGININE 3

- ★ 3 FORMS OF ARGININE IN ONE PRODUCT,
- ★ MAXIMUM SUPPORT FOR NO PRODUCTION,
- ★ BETTER MUSCLE PUMP, MUSCLE BLOOD SUPPLY AND REGENERATION.

ARGININE3 is a dietary supplement in capsules that provides arginine in three forms: free L-amino acid, alpha-ketoglutarate (AKG) and pyroglutamate. Arginine is involved in the production of nitric oxide, which dilates the veins and blood vessels, increasing the flow of blood with valuable nutrients and oxygen to working muscles. Arginine supplementation is also recommended for people who care about the circulatory system.

NUTRITION VALUE for 4 capsules

L-arginine	2000 mg
L-arginine alpha-ketoglutarate	800 mg
L-arginine pyroglutamate	800 mg

Package: 120 capsules

NITRO CAPS

- ★ AN EFFECTIVE COMBINATION OF AAKG WITH CITRULLINE MALATE,
- ★ MAXIMIZES THE PRODUCTION OF NO IN TISSUES,
- ★ IMPROVES MUSCLE WORK AND REGENERATION PROCESSES.

NITRO CAPS is a dietary supplement in the form of capsules that provides an exceptionally effective combination of arginine and citrulline. Both amino acids are in the form of esters with organic acids, which makes them very bioavailable and carries a number of positive effects. The supplement is perfect for improving the quality of strength training and regeneration.

NUTRITION VALUE for 8 capsules
(8 capsules a day)

L-arginine alpha-ketoglutarate	3000 mg
L-citrulline malate	2400 mg
Niacin	48 mg

Package: 120, 240 capsules

ENERGY SHOT

- ★ A POWERFUL BOOST OF ENERGY
- ★ ADDITION OF VITAMINS AND AMINO ACIDS SUPPORTING ENERGY PROCESSES
- ★ A CONVENIENT FORM OF A SHOT

ENERGY SHOT is a supplement in the form of a drink closed in a convenient bottle, which provides a high dose of caffeine (200 mg) and taurine (500 mg). In addition, the product also includes B vitamins and vitamin C, which also help reduce the feeling of tiredness and weariness.

NUTRITION VALUE for 100 ml
(1 shot a day)

Caffeine	200 mg
Taurine	500 mg
Phenylalanine + tyrosine	500 mg
Vitamin C	160 mg
Riboflavin (B2)	2,8 mg
Niacin (B3)	32 mg
Vitamin B6	2,8 mg
Folic acid (B9)	400 ug
Vitamin B12	5 ug

Package: 100 ml shot, display x 12 shots

FLAVORS: FRUIT

AAKG XTRA SHOT

- ★ **L-ARGININE IN THE FORM OF EASILY DIGESTIBLE ALPHA-KETOGLUTARATE**
- ★ **10,000 MG OF PURE AAKG IN A BOTTLE!**
- ★ **SENSATIONAL „POMPER“ FOR USE BEFORE AND DURING TRAINING**

AAKG XTRA SHOT is a liquid dietary supplement, closed in a convenient 100 ml bottle. Each package of the product contains as much as 10g of AAKG! Arginine alpha-ketoglutarate because a very easily digestible form of this amino acid, which affects the production of nitric oxide NO – a gaseous hormone that widens blood vessels. Increased blood flow to the

working muscles (pump) supplies them with glucose and amino acids, and discharges ammonia, which directly contributes to better regeneration

NUTRITION VALUE for (1 shot - 100 ml)

L-arginine alpha-ketoglutarate (AAKG) 10 000 mg
including L-arginine 6 500 mg

Package: 100 ml shot, display x 12 shots

FLAVORS: LEMON-STRAWBERRY

CAFFEINE POWER

- ★ **200MG CAFFEINE EACH CAPSULE**
- ★ **200MG CAFFEINE EACH CAPSULE**
- ★ **HELPS TO INCREASE ENERGY AND PRODUCTIVITY**

Caffeine Power by Activlab is a dietary supplement for physically active people, especially those who perform endurance exercises. The product contains 200 mg of caffeine in one capsule.

NUTRITIONAL VALUE for 1 capsule

caffeine 200 mg

Package: 60 capsules

ENERGON X 1000

**BASED ON NATURAL EXTRACTS
FROM GUARANA AND GINSENG**

Energon X 1000 is a composition of guarana and ginseng extracts as well as taurine, magnesium and vitamin B6. Guarana extract is a source of caffeine, which contributes to increasing endurance and physical performance during exercise. Moreover, caffeine improves focus and concentration and contributes to a reduction in the degree of feeling of effort. Magnesium and vitamin B6 contribute to the reduction of tiredness and fatigue, as well as to maintaining proper energy metabolism. Energon X 1000 it is recommended especially during periods of increased psychophysical effort.

NUTRITION VALUE for 2 capsules

Guarana extract	600 mg
including caffeine	132 mg
Ginseng extract	200 mg
Taurine	70 mg
Magnesium	150 mg
Vitamin B6	1,4 mg

Package: 90 capsules

WEIGHT LOSS

Supplements supporting the reduction of unnecessary kilograms.

L-CARNITINE 600/1000

- ★ HELPS TO BURN MORE FAT
- ★ NATURAL INGREDIENT OF MITOCHONDRIA
- ★ PLAYS IMPORTANT ROLE IN THYROID FUNCTIONS

L-Carnitine is a naturally occurring amino acid. We can find it in animal tissue (meat and dairy products). This amino acid is involved in energy metabolism and in mitochondrial protection. It is a substance that in the human body it is formed spontaneously, but it can be supplied from food. It should be remembered that L-carnitine does not burn fat when the body is deficient.

NUTRITIONAL VALUE

L-CARNITINE 600
L-carnitine 1200 mg (2 capsules)

Package: L-CARNITINE 600 - 60, 135 capsules
L-CARNITINE 1000 SUPER - 30 capsules

L-CARNITINE GREEN TEA

- ★ SUPPLEMENTATION PROVIDES L-CARNITINE, WHICH IS INVOLVED IN THE CONVERSION OF FATS INTO ENERGY,
- ★ THE ADDITION OF GREEN TEA EXTRACT PROVIDES EGCG,
- ★ PROTECTS CELLS AGAINST FREE RADICALS

L-Carnitine Plus Green Tea is a combination of L-carnitine and green tea leaf extract containing epigallocatechin gallate (EGCG). L-carnitine is a compound that occurs naturally in the body, primarily in the muscles. One of the functions of L-carnitine is involved in the transport of long-chain fatty acids to cells. EGCG is a powerful antioxidant, 100 times stronger than vitamin C and 25 times stronger than vitamin E.

NUTRITIONAL VALUE
(2 capsules a day)

L-carnitine	1000 mg
Green tea extract	400 mg
including EGCG	180 mg
Caffeine	64 mg

Package: 60 capsules

L-CARNITINE PLUS HCA

- ★ THE COMBINATION OF L-CARNITINE AND GARCINIA CAMBOGIA FRUIT EXTRACT
- ★ GARCINIA CAMBOGIA EXTRACT ADDED
- ★ REDUCES THE APPETITE

L-CARNITINE + HCA is a dietary supplement that helps replenish L-carnitine deficiencies and provides Garcinia Cambogia extract - a source of hydroxycitric acid (HCA). This compound acts as an appetite suppressant, which definitely contributes to the improvement of the effectiveness of weight loss.

NUTRITIONAL VALUE:
(2 capsules a day)

L-carnitine	1500 mg
Garcinia cambogia extract, including: Hydroxycitric acid (HCA)	560 mg 336 mg

Package: 50 capsules

L-CARNITINE SHOT

- ★ L-CARNITINE IN A CONVENIENT SHOT FORM
- ★ REPLENISHES THE FATTY ACID TRANSPORTER
- ★ SUPPORTS FAT METABOLISM

L-CARNITINE SHOT is a dietary supplement based on L-carnitine in the form of a drink closed in a convenient bottle. Each shot provides 3000 mg of l-carnitine, which effectively replenishes its deficiencies in the body, and thus contributes to the proper reduction process.

NUTRITIONAL VALUE:
(1 bottle of shot daily)

L-carnitine - 3000 mg

Package: 100 ml shot,
display x 12 shots

CARNITINE 3

- ★ L-CARNITINE IN THREE CHEMICAL FORMS
- ★ ACETYL-L-CARNITINE SUPPORTS FAT METABOLISM IN THE NERVOUS SYSTEM
- ★ SUPPORTS THE SYNTHESIS OF ACETYLCHOLINE.

L-CARNITINE3 is a dietary supplement in capsules, based on three forms of L-carnitine: as a free amino acid, as acetyl-L-carnitine (ALC, ALCAR) and as L-carnitine tartrate. Each of these forms is present in large amounts, and the combination of carnitine with an acetyl group deserves special attention, which facilitates its action within the nervous system and provides an ingredient for the synthesis of the stimulating neurotransmitter - acetylcholine.

NUTRITIONAL VALUE:
(for 2 capsules)

L-carnitine	600 mg
Acetyl-L-carnitine	600 mg
L-carnitine tartrate	600 mg

Package: 120 capsules

HIGH QUALITY | GUARANTEED

THERMO SHAPE 2.0

- ★ A COMPREHENSIVE PREPARATION SUPPORTING THE REDUCTION OF ADIPOSE TISSUE
- ★ HAS THERMOGENIC AND STIMULATING PROPERTIES
- ★ IMPROVES THE METABOLISM OF FATTY ACIDS

THERMO SHAPE 2.0 is a dietary supplement in capsules, which is based on a specially composed mixture of ingredients, supporting each aspect of effective reduction. Caffeine in a high dose is responsible for stimulation in order to maintain physical activity in the period of reduced caloric value. L-carnitine with tyrosine will positively affect the work of the thyroid gland, which is responsible for the metabolic rate, and the cayenne pepper extract will help burn additional calories through thermogenesis (heat release). The product also contains chromium, which is helpful in managing glycemic problems, which may cause you to eat sweets. Garcinia Cambogia extract, containing HCA, will also help to control the appetite.

NUTRITIONAL VALUE
(Daily dose - 3 capsules)

L-carnitine	300 mg
bitter orange extract	300 mg
green tea extract	200 mg
including EGCG	90 mg
caffeine	200 mg
Garcinia Cambogia extract	150 mg
including HCA	90 mg
L-Tyrosine	100 mg
Cayenne pepper	100 mg
including capsaicin	0,3 mg
black pepper extract	5 mg
including piperine	4,7 mg
chrome	40 µg

Package: 90, 180 capsules

ACTIVLAB®
LIFT YOUR WORLD

WEIGHT REDUCTION

THERMO SHAPE PRO + FORSKOLIN

- ★ **AN ADVANCED BLEND OF THERMOGENICS AND STIMULANTS FOR BETTER REDUCTION EFFECTS**
- ★ **ADDITION OF FORSKOLIN, POSITIVELY INFLUENCING METABOLISM**
- ★ **REPLENISHES VITAMIN DEFICIENCIES**

THERMO SHAPE PRO is a dietary supplement in capsules, with a very complex composition, in which you can find stimulating ingredients such as caffeine, thermogenic (extracts of bitter orange and cayenne pepper), HCA suppressing excessive appetite, vitamin complex, chromium and antioxidants (EGCG and ALA). The product is ideally suited to the final stage of reduction, where the metabolic rate begins to decline.

TIP: Do not use thermogenics at the beginning of the reduction. Only when you start to feel the effects of a caloric deficit and feel a marked decrease in energy and commitment to daily activities, add THERMO SHAPE 2.0 to your supplementation. Then, after a few weeks, replace it with THERMO SHAPE PRO, and finally combine it with THERMO SHAPE HYDRO OFF.

NUTRITIONAL VALUE (1 capsule once a day)

Caffeine	100 mg	Black pepper extract	5,3 mg
Bitter orange extract	100 mg	including piperine	5 mg
including synephrine	6 mg	Chrome	100 mg
Indian nettle extract	50 mg	Thiamin (B1)	1,1 mg
including forskolin	10 mg	Riboflavin (B2)	1,4 mg
Garcinia cambogia extract	50 mg	Niacin (B3)	16 mg
including hydroxycitric acid	30 mg	Pantothenic acid (B5)	6 mg
Green coffee extract	50 mg	Vitamin B6	1,4 mg
including chlorogenic acid	25 mg	Biotin (B7)	50 mg
Alpha lipoic acid	50 mg	Folic acid (B9)	200 mg
Cayenne pepper extract	50 mg	Vitamin B12	2,5 mg
including capsaicin	5 mg		

Package: 60 capsules

THERMO SHAPE HYDRO OFF

- ★ PERFECT IN THE FINAL PHASE OF REDUCTION
- ★ ALLOWS YOU TO GET RID OF EXCESS SUBCUTANEOUS WATER
- ★ INCREASES THERMOGENESIS AND ENERGIZES.

THERMO SHAPE HYDRO OFF is a dietary supplement in capsules, which is based on safe and effective plant extracts (green tea, dandelion, field horsetail, bitter orange) and anhydrous caffeine. The product is designed to induce a safe diuresis, which will help get rid of excess water in the body. Its accumulation is caused on the one hand by body fatigue, but also by effective fat burning. It is worth knowing that the fat molecule is made of glycerol and three fatty acid residues, which are burned as an energy source. On the other hand, glycerol remains in cells, where it binds water strongly, which interferes with the assessment of the effectiveness of the reduction process and diminishes the visual effects.

NUTRITIONAL VALUE

(3 capsules a day, no longer than 7 days in a row)

Bitter orange extract	300 mg
Caffeine	200 mg
Green tea extract	200 mg
Raspberry ketones	200 mg
Dandelion extract	200 mg
Field horsetail extract	200 mg

Package: 60 capsules

MACHINE MAN BURNER

- ★ REDUCTION SUPPORT COMPLEX
- ★ SUPPORTS CORRECT GLYCEMIA
- ★ HAS A THERMOGENIC AND STIMULATING EFFECT

MACHINE MAN BURNER is a dietary supplement in capsules that comprehensively supports the reduction of unnecessary body fat. The ingredients of the product support the sugar balance and allow you to keep insulin in check, which allows you to reduce insulin resistance. In addition, the product provides iodine, which has a positive effect on the work of the thyroid gland, whose hormones significantly affect the metabolism. Each serving of MACHINE MAN BURNER is also a source of safe and effective stimulants, as well as substances that increase the burning of additional calories by thermogenesis.

The preparation in its composition includes, among others:

L-carnitine

Taurine

Bitter orange fruit extract

Green tea leaf extract

Oligofructose

Use:

2 capsules before breakfast and 2 capsules before dinner.

In addition, plant extracts used in Machine Man Burner are a source of caffeine (guarana), antioxidants (green tea) and compounds involved in fat metabolism (garcinia). B vitamins contribute to the maintenance of proper energy metabolism. Chromium, on the other hand, helps to maintain the proper level of glucose in the blood. Caffeine contributes to the increase of endurance and physical efficiency during exercise and to the reduction of the feeling of effort

The full composition is available at www.acitvlab.pl

Package: 120 capsules

HEALTH AND REGENERATION

Regain health, form and good energy

ASHWAGANDHA

- ★ THE MOST POPULAR AND EFFECTIVE ADAPTOGEN
- ★ A VERY HIGH CONCENTRATION OF WITHANOLIDES
- ★ EFFECTIVE IN REDUCING CORTISOL

ASHWAGANDHA is a dietary supplement in capsules containing a standardized extract of Ashwagandha, a plant known in the folk medicine of the East for centuries. It is known for its adaptogenic properties, in particular in reducing cortisol – the stress hormone. The withanolides contained in it also contribute to the proper functioning of the thyroid gland. In addition, the spectrum of its positive effects on the body is very wide and concerns virtually every functional system of organisms.

TIP: Use ashwagandha at bedtime to help manage cortisol.

NUTRITIONAL VALUE
(1 capsule daily (500 mg))

(1 capsule once a day)

Maca's extract	500 mg
Beta-Ecdysterone	2,5 mg

Package: 60 capsules

KUDZU

- ★ HELPS TO QUIT SMOKING OR DRINKING ALCOHOL
- ★ SUPPLEMENTATION CAN HELP TO LOWER BLOOD PRESSURE
- ★ PERSPECTIVE ANTI-CANCER SUPPLEMENT

Kudzu is a dietary supplement containing a standardized raw material – kudzu root (Pueraria Montana - patchy resistor). It is especially recommended in periods related to the reduction of alcohol consumption and smoking. Kudzu, or resistor or lead, is a plant that has found its application in the treatment of diabetes, flu, fever, nausea and migraines in the Far East. Kudzu root can also lower high blood pressure and alleviate gastrointestinal discomfort.

NUTRITIONAL VALUE
(1 capsule a day at any time of the day)

Kudzu root extract	500 mg
--------------------	--------

Package: 60 capsules

RHODIOLA

- ★ HELPS TO MAINTAIN PROPER MIND FUNCTION
- ★ MAY PREVENT HEART AND BLOODSTREAM AGAINST DISEASES
- ★ SIGNIFICANTLY INCREASES BODY PERFORMANCE

Rhodiola is a supplement containing standardized Rhodiola rosea extract. Rhodiola rosea is a medicinal plant, found mainly in the mountainous areas of Siberia, and to a lesser extent in Europe and North America. In medicine uses a root and rhizome that contain a number of active substances, including adaptogens. These are substances that facilitate the body's adaptation to unfavorable conditions environmental conditions.

TIP: Rhodiola should be used before a cardio session, especially in the company of antioxidants, such as grape extract. As a result, the effectiveness of training in terms of fat burning will increase significantly.

NUTRITIONAL VALUE:
(1 capsule daily)

Rhodiola rosea root extract	300 mg
including rosavins	9 mg

Package: 60 capsules

PANAX GINSENG

- ★ HELPS TO INCREASE ENERGY AND VITALITY
- ★ MAY LEAD TO BETTER SEXUAL PERFORMANCE
- ★ COULD HELP WITH DECREASE OF FEELING TIREDNESS AND EXHAUSTION

PANAX GINSENG is a product containing high-class ginseng extract (Panax ginseng C.A. Meyer), standardized for the presence of active substances. This raw material has been used for centuries as a plant supporting vitality the body.

NUTRITION VALUE for 2 capsules
(1 capsule daily)

Ginseng extract	37,5 mg
including ginsenosides	30 mg

Package: 60 capsules

PIPERINE EXTRA STRONG

- ★ HELPS TO CONTROL FAT CELLS METABOLISM
- ★ MAY CONTROL FATTY ACID CONCENTRATION IN THE BLOODSTREAM
- ★ IMPROVES DIGESTION AND AVAILABILITY OF NUTRIENTS

The product contains black pepper extract (*Piper nigrum*), standardized for 95% piperine. Studies have shown that piperine can block the formation of new fat cells and lower the level of fat in the bloodstream. Under the influence of piperine, the secretion of digestive juices also increases, which improves the digestion of food. Piperine also affects the absorption of nutrients: vitamin C, selenium, beta-carotene, vitamin A, vitamin B6 and coenzyme Q.

NUTRITIONAL VALUE:
(1 capsule once a day)

Black Pepper Extract, including Piperine	26.3 mg 25 mg
---	------------------

Package: 60 capsules

NAC

- ★ GLUTATHIONE PRECURSOR - THE STRONGEST ANTIOXIDANT
- ★ SUPPORTS THE IMMUNE SYSTEM
- ★ CONTRIBUTES TO LIVER DETOXIFICATION AND DETOX

NAC is a dietary supplement containing the amino acid N-acetyl-cysteine. It takes part in the formation of glutathione - a peptide, which is the most powerful natural antioxidant in the body. In addition, it plays a key role in the functioning and reproduction of immune cells - lymphocytes.

NUTRITIONAL VALUE
(1 capsule daily)

N-acetyl-L-cysteine	500 mg
---------------------	--------

Package: 90 capsules

OMEGA-3 SPORT

- ★ 330MG EPA AND 220MG DHA EACH CAPSULE
- ★ SUPPORTS THE CIRCULATORY AND IMMUNE SYSTEM
- ★ ONE OF THE MOST IMPORTANT SUPPLEMENT FOR HEALTH

OMEGA-3 SPORT is a dietary supplement containing fish oil with a high content of essential, unsaturated fatty acids Omega-3: EPA (33%) and DHA (22%). Currently, supplements that source omega-3s are considered absolutely essential not only for athletes, but also for everyone who is looking for body support and immunity.

NUTRITION VALUE for 2 capsules

(1-2 capsules a day for people who care for the proper functioning of the heart and brain and proper vision;
2 capsules 2 times a day for people who want to additionally maintain the proper level of triglycerides in the blood.)

Eicosapentaenoic acid (EPA)	660 mg
Docosahexaenoic acid (DHA)	440 mg
Vitamin E / Vitamin E	6,8 mg

Package: 90 capsules softgel

THYROVIT

- ★ **BEST INGREDIENTS THAT WORKS WITH THYROID GLAND**
- ★ **THE EFFECTIVENESS OF THE INGREDIENTS HAS BEEN CONFIRMED BY SCIENTIFIC RESEARCH**
- ★ **PERFECT SUPPORT FOR REDUCING BODY FAT**

The main ingredients of the preparation are inositol, L-tyrosine and L-carnitine. The formula is complemented by extracts of Ashwagandha root (*Withania somnifera*) and bladderwrack (*Fucus vesiculosus*), which is distinguished by a high content of iodine. Iodine helps in the proper production of thyroid hormones and supports the function of the thyroid gland. Moreover, iodine contributes to the maintenance of proper energy metabolism. Thyrovit also provides selen, which helps in the proper functioning of the thyroid gland.

NUTRITIONAL VALUE:
(2 capsules a day)

Inositol	400 mg
L-carnitine	400 mg
L-Tyrosine	150 mg
Ashwagandha extract	150 mg
including withanolides	10 mg
Fucus extract	150 mg
including iodine	150 µg

HMB CAPS

- ★ A NEW VERSION OF THE POPULAR HMB IN CAPSULES
- ★ SUPPORTS THE HEALTHY CONDITION OF THE INTESTINAL EPITHELIUM AND VILLI
- ★ SHOWS ANTI-CATABOLIC PROPERTIES

HMB CAPS is a dietary supplement in capsules that contains HMB in the form of calcium salt. It is worth remembering that HMB is a compound that occurs naturally in the body as a product of leucine metabolism and is involved in many biological processes. Its supplementation will also allow it to be used by epithelial cells that derive energy from butyrates.

NUTRITIONAL VALUE for 6 capsules

Ca-HMB	4300 mg
including HMB	3700 mg

Package: 240 capsules

ZMA

- ★ SUPPLEMENTS DEFICIENCIES OF ZINC, MAGNESIUM AND VITAMIN B6
- ★ EFFECTIVELY SUPPORTS REGENERATION DURING SLEEP
- ★ ZINC HELPS TO MAINTAIN THE PROPER LEVEL OF TESTOSTERONE

ZMA is a dietary supplement in capsules that contains zinc and magnesium chelates as well as vitamin B6. Zinc supports the production of testosterone, protein synthesis, transformation of macronutrients and the functioning of the immune system. Magnesium, in turn, is involved in over 300 processes, but above all has a positive effect on the regeneration of the nervous system and facilitates relaxation and falling asleep. Vitamin B6 supports the metabolism of magnesium and its absorption.

NUTRITIONAL VALUE:
(for 4 capsules)

Magnesium	400 mg
Zinc	25 mg
Vitamin B6	10,5 mg

Package: 90 capsules

ZEN

- ★ COMBINATION OF THE ZMA FORMULA WITH INGREDIENTS SUPPORTING REGENERATION
- ★ ADDITION OF DAA AND MELATONIN TO HELP YOU FALL ASLEEP
- ★ FOR PEOPLE LOOKING FOR MAXIMUM REGENERATION DURING SLEEP

ZEN is a dietary supplement in capsules, which is based on a combination of zinc, magnesium and vitamin B6 (ZMA) with valuable additives that facilitate the regeneration of the body during sleep. Noteworthy is melatonin in a dose of 1 mg, which shortens the time needed to fall asleep, DAA acid and Ashwagandha extract, which promotes the reduction of cortisol and adaptation to stress. The L-tryptophan contained in the product takes part, with the participation of magnesium and vitamin B6, in the formation of serotonin - the "happiness hormone".

NUTRITIONAL VALUE
(4 capsules; take between meals or at bedtime.)

Magnesium	375 mg
Zinc	10 mg
Vitamin B6	1,4 mg
D-aspartic acid	500 mg
GABA	500 mg
L-Tryptophan	250 mg
Melatonin	1 mg
Ashwagandha extract including withanolides	50 mg
	3,5 mg

Package: 120 capsules

GABA

- ★ RELIEVES THE EFFECTS OF STRESS
- ★ IT SUPPORTS THE REGENERATION OF THE BODY AT NIGHT
- ★ INCREASES THE PRODUCTION OF GROWTH HORMONE

GABA is a product that contains as much as 750 mg of pure gammaaminobutyric acid, which acts as the main inhibitory neurotransmitter in the entire system nervous.

NUTRITIONAL VALUE:
(1 capsule once a day)

Gamma-Aminobutyric Acid (GABA)	750 mg
--------------------------------	--------

Package: 60 capsules

TRIBU STALLION

- ★ HIGHLY CONCENTRATED TRIBULUS TERRESTRIS EXTRACT
- ★ HIGH CONTENT OF BIOLOGICALLY ACTIVE SAPONINS
- ★ SUPPORTS VITALITY AND MALE SEXUAL FUNCTIONS

TRIBU STALLION is a dietary supplement in capsules that contains as much as 1000 mg of Tribulus terrestris extract in each serving. This extract is rich in biologically active steroidal saponins, which are eagerly reached by people who want to naturally increase the level of testosterone and vitality.

NUTRITIONAL VALUE
(1-2 capsules, between main meals
(1 hour after a meal))

Tribulus terrestris extract including saponins	2000 mg 1200 mg

CREATINE MONOHYDRATE CAPS

- ★ CLASSIC COMBINATION OF CREATINE AND TAURINE
- ★ AVAILABLE FLAVOR OPTIONS AND UNFLAVOURED VERSION
- ★ USED BY PEOPLE WORKING ON INCREASING MUSCLE MASS AND STRENGTH

CREATINE MONOHYDRATE is a powdered dietary supplement that provides the classic combination of creatine monohydrate with taurine. The use of the product increases the concentration of creatine in the muscles, where it allows for quick energy regeneration in the form of ATP. Creatine is also the best-studied supplement in terms of safety and effectiveness.

NUTRITION VALUE in 6 g

Creatine Monohydrate including creatine	4,5 g 4 g

L-GLUTAMINE

- ★ GLUTAMINE WITH THE ADDITION OF TAURINE
- ★ SUPPLEMENTS THE CONDITIONALLY ESSENTIAL AMINO ACID
- ★ WORKS ANTI-CATABOLIC AND STIMULATES THE IMMUNE SYSTEM

L-GLUTAMINE is a powdered dietary supplement that supplements the diet with L-glutamine - an amino acid that accounts for over 60% of muscle proteins. In situations where the body is at risk, immune cells need glutamine to multiply and be active, as it is their fuel. Then the muscles are catabolized to obtain glutamine from them. Supplementation allows you to bypass this process and complements the concentration of this amino acid in the blood. In addition, L-glutamine is responsible for the tightness of the intestines, which also translates into health.

NUTRITIONAL VALUE daily portion (10 g)

L-glutamine	8.9 g
Taurine	1 g

Package: 300 g

FLAVORS: NATURAL

TRICREATINE MALATE

- ★ A VALUED AND POPULAR FORM OF CREATINE - MALATE
- ★ PROMOTES THE DEVELOPMENT OF MUSCLE MASS AND STRENGTH
- ★ SAFE FOR WOMEN!

TRICREATINE MALATE is a powdered dietary supplement that contains creatine in the form of malate. It is a very popular chemical form of this supplement, appreciated by many supporters of the „iron sport“. Creatine increases endurance in the event of short, intense, consecutive exercises. It is a source of phosphates for the regeneration of high-energy ATP molecules, which are „batteries“ for working muscles and biological processes, including the synthesis of muscle proteins.

NUTRITION VALUE in 6 g

Tricreatine malate	5000 mg
--------------------	---------

Package: 300 g

FLAVORS: NATURAL, BLACKCURRANT, KIWI, ORANGE

HMB POWDER

HIGH
QUALITY | GUARANTEED

- ★ HMB IN THE FORM OF A POWDER
- ★ FUEL FOR INTESTINAL VILLI AND EPITHELIUM
- ★ PROMOTES THE DEVELOPMENT OF MUSCLE MASS BY LIMITING CATABOLIC PROCESSES

HMB POWDER is a powdered dietary supplement that contains the calcium salt of beta-hydroxy-beta-methylbutyric acid (HMB) - a compound that occurs naturally in the body and performs biological functions. Athletes eagerly reach for HMB, especially during the period of working on the form before the competition. The use of butyrates helps to keep the intestinal epithelium and villi in good condition, which contributes to better use of food.

NUTRITION INFORMATION for 2,5g

Ca-HMB	2498 mg
including HMB	2150 mg
Vitamin B6	1.75 mg (125% *)

PROTEIN BREAKFAST

- ★ BASED ON WHEY PROTEIN AS A SOURCE OF PROTEIN
- ★ INCLUDES OATS AND RICE FLAKES, GUARANA AND MAGNESIUM
- ★ HELPS TO CONTROL MACRONUTRIENTS INTAKE

High-protein supplement containing oat and rice flakes with the addition of guarana and magnesium. Whey protein concentrate. It is an animal-based protein obtained from whey, which is a by-product of the cheese-making process. Currently, technological processes enable the isolation of whey proteins from whey. This is possible thanks to the ultrafiltration process, which allows the whey to be removed from fat and lactose.

NUTRITION VALUE for 100 g
(100 g (4 scoops) dissolved in 200 ml of water)

Energy value	1577 kJ / 372 kcal
Fat	2.2 g
including saturated fatty acids	0.3 g

FIT COCOA

- ★ **NO SUGAR ADDED**
- ★ **HIGH PROTEIN AND FIBRE CONTENT**
- ★ **PERFECT AS BOTH COLD AND HOT DRINK**

SUPER FIT COCOA DRINK is a delicious drink designed for those who value a healthy lifestyle and at the same time do not want to give up the perfect taste. Cocoa is the powdered seed of the cocoa fruit, a tree that grows wild in forests equatorial North of South America and Central America. Cocoa has been used not only as a raw material for the production of chocolate and the drink of the same name, but also - due to its medicinal properties - as a therapeutic agent in alternative medicine. No wonder, cocoa beans are rich in nutritional value - they are a source of many vitamins, trace elements and healthy fats.

One serving of the product for 1 serving
- Dissolve 20 g (1.5 scoops) in 150 ml of hot water. Mix thoroughly. The product can also be prepared using a shaker.

SUPER PROTEIN PANCAKES

- ★ **HIGH PROTEIN CONTENT**
- ★ **NO SUGAR ADDED**
- ★ **PERFECT SNACK FOR CALORIES CUTTING**

Protein Pancakes is a pre-prepared mixture from which you can quickly and easily prepare delicious gingerbread pancakes. It is the perfect complement to reduction diets and supports the muscular system without giving up with delicious taste. Protein Pancakes have been enriched with WPC whey protein concentrate. WPC is an animal protein obtained from whey produced in the process of milk processing. Protein contributes to construction and maintenance lean muscle mass and accelerates post-workout regeneration.

Mix a portion of the product 50 g [4 scoops] exactly 50 ml of cold water. Put the dough on the well-heated oil in a pan-Fry on medium heat on both sides until golden brown. Serve with powdered sugar, cinnamon, honey, jam, maple syrup, yogurt or fruit. 1 portion of the product gives 1 pancake.

FUNCTIONAL FOOD

ELEMENTS

Mind and energy metabolism support

MAGNESIUM TAURATE

- ★ ONE OF THE BEST FORM OF MAGNESIUM
- ★ ADDITION OF P-5-P (VITAMIN B6)
- ★ GREAT MIND AND ENERGY SUPPORT

MAGNESIUM TAURATE is a dietary supplement in capsules that contains magnesium taurate and vitamin B6 in the form of pyridoxal 5'-phosphate. Magnesium participates in over 300 biochemical reactions and supports the work of the nervous system and the maintenance of proper cognitive functions. Vitamin B6 helps in its metabolism, which also supports energy processes in the body. Magnesium taurate has a very good bioavailability.

NUTRITIONAL VALUE:
(1 capsules a day)

Taurine	1000 mg
Magnesium	90 mg
P-5-P (vitamin B6)	2,8 mg

Package: 60 capsules

VITAMIN C + L-LYSINE

- ★ 1000MG OF VITAMIN C
- ★ ADDITION OF L-LYSINE
- ★ SUPPORTS IMMUNITY AND COLLAGEN SYNTHESIS

Elements Vitamin C is a product that supplements vitamin C deficiencies. Additionally, supplementation with the product provides a biologically valuable exogenous amino acid - L-lysine. Ascorbic acid has a strong antioxidant effect and is involved in many metabolic pathways.

NUTRITIONAL VALUE
(1 capsule a day)

Vitamin C	1000 mg
L-lysine	100 mg

Package: 60 capsules

BETA GLUCAN

- ★ **HIGH QUALITY YEAST EXTRACT**
- ★ **HIGH CONTENT OF NATURAL GLUCANS**
- ★ **MOBILIZES IMMUNE SYSTEM**

ELEMENTS Beta Glucan is a dietary supplement based on high-quality, standardized brewer's yeast extract (*Saccharomyces cerevisiae*), containing beta-1,3 / 1,6D-glucan. It is a polysaccharide found in the cell walls of some yeasts and fungi, as well as cereals. Scientific research shows that the consumption of beta-glucans mobilizes the immune system.

NUTRITIONAL VALUE
(1 capsule daily)

Saccharomyces cerevisiae yeast extract, standardized for 70% 1.3 / 1.6 D beta-glucan	250 mg
--	--------

Package: 90 vege capsules

ALA

- ★ HIGH ALPHA-LIPOIC ACID CONTENT
- ★ STRONG ANTIOXIDANT PROPERTIES
- ★ CAN DETOXYIFY THE LIVER AND IMPROVE INSULIN SENSITIVITY

ALA is a dietary supplement in capsules containing high concentration of alpha-lipoic acid (600 mg / 1 capsule). ALA is a powerful antioxidant that helps fight free radicals that damage cells and organelles. Supplementation can also help people who struggle with liver poisoning and insulin resistance.

NUTRITIONAL VALUE:

(1 capsule a day, can be taken regardless of meals, with a sufficient amount of liquid.)

Alpha lipoic acid	600 mg
-------------------	--------

Package: 60 capsules

ALCAR

- ★ HIGHLY BIOAVAILABILITY FORM OF CARNITINE
- ★ PROMOTES ACETYLCHOLINE SYNTHESIS
- ★ PERFECT QUALITY

ALCAR is a dietary supplement in capsules that contains acetyl-L-carnitine - a combination of carnitine with an acetyl group. Thanks to this, the molecule of this compound is more bioavailable for the nervous system and promotes the synthesis of acetylcholine, which is a neurotransmitter involved in cognitive processes. L-carnitine supplementation allows you to supplement its deficiencies so that energy is obtained from fatty acids without any obstacles.

NUTRITIONAL VALUE

(It is recommended to consume 1 serving daily.)

Acetyl L-carnitine	500 mg
--------------------	--------

Package: 90 capsules

ALPHA-GPC 300 MG

- ★ **I SUPPORT WORK LIVER**
- ★ **SUPPORTS FUNCTIONS COGNITIVE**
- ★ **HELP WITH DISTURBANCES MEMORY AND DIFFICULTIES WITH CONCENTRATION**

The main component is alpha-glycerolphosphorylcholine (Alpha-GPC) - a phospholipid metabolite found in neuronal membranes. This product is recommended for people looking for support in improving memory, concentration, improving the learning process and improving cognitive functions.

NUTRITIONAL VALUE
(1 capsule daily)

alpha-GPC

Elderberry extract	150 mg
Echinacea extract	100 mg

Package: 20 effervescent tablets

FLAVORS: ORANGE

COLLAGEN

- ★ **HIGH-QUALITY TYPE I COLLAGEN PEPTIDES**
- ★ **ADDITION OF VITAMIN C AND HYALURONIC ACID**
- ★ **SUPPORT FOR THE REGENERATION OF THE LOCOMOTOR APPARATUS**

Run & Bike Collagen is a preparation designed for people practicing sports, whose joints and tendons are exposed to regular overload. The product has been formulated to provide high-quality peptides from hydrolyzed type I collagen, which is the main building block of joints and bones, and hyaluronic acid, which is present in the synovial fluid. Additionally, each serving of the product delivers vitamin C, which is involved in the reconstruction of collagen structures, ensuring the proper functioning of bones and cartilage.

NUTRITIONAL VALUE for 4 tablets
(4 tablets a day)

Hydrolyzed collagen	2400 mg
Hyaluronic acid	100 mg
Vitamin C	80 mg

Package: 90 tablets

ISOTONIC

- ★ **BALANCES THE LEVEL OF WATER AND ELECTROLYTES EXCRETED FROM THE BODY IN THE PROCESS OF SWEAT SECRETION**
- ★ **CREATED FOR ATHLETES OF ENDURANCE DISCIPLINES**
- ★ **HELPS TO REDUCE FATIGUE AND PROVIDES A VITAMIN COMPLEX**

Isotonic is a drink that balances the level of water and electrolytes excreted from the body in the process of sweat secretion. It also replenishes vitamins and minerals and, to a small extent, also carbohydrates burned during exercise.

Dissolve a portion (31.5 g - 1 scoop) in a water bottle with 500 ml of water. Use before, during (every 15 min) and after exercise (approx. 200 ml).

NUTRITIONAL VALUE (100 g):

Energy	1419.5 kJ / 334 kcal;
Fa	0 g (of which saturates 0 g);
Carbohydrate	83.5 g (of which sugars 83.5 g);
Protein	0 g;
Salt	2.8 g;
Sodium	1110 mg;
Potassium	413 mg (20%*);
Chloride	381 mg (47%*);
Calcium	381 mg (47%*);
Magnesium	190 mg (50%*);
Vitamin B1	0.55 mg (50%*);
Vitamin B2	0.7 mg (50%*);
Niacin	8 mg (50%*);
Pantothenic acid	3 mg (50%*);
Vitamin B6	0.7 mg (50%*);
Biotin	25 µg (50%*);
Folic acid	100 µg (50%*);
Vitamin B12	1.25 µg (50%*);
Guarana extract	317 mg (of which caffeine 70 mg).

Package: 475 g
FLAVORS: ORANGE - LEMON

OXYGENIC

- ★ **MAY RISE MAXIMAL LEVEL OF VO2**
- ★ **REDUCES THE ACIDIFICATION OF MUSCLE CELLS DURING EXERCISE**
- ★ **INCREASES THE ADAPTATION OF THE NERVOUS SYSTEM TO PHYSICAL LOADS**

Oxygenic is a breakthrough dietary supplement intended primarily for endurance athletes who want to improve their exercise capacity.

The synergistic action of the ingredients of the preparation is primarily intended to:

- raise the maximum VO2max (VO2max)
- reduce the acidification of muscle cells during exercise
- increase the adaptation of the nervous system to physical stresses

NUTRITIONAL VALUE

(4 capsules, in divided portions, preferably before exercise)

Beta-alanine	2000 mg
Rhodiola rosea extract	300 mg
including rosavins	9 mg
Ginseng extract	30 mg
including ginsenosides	24 mg
Caffeine	100 mg
Taurine	200 mg
Calcium	200 mg (25%*)
Phosphorus	105 mg (15%*)
Potassium	300 mg (15%*)
Chrome	40 µg (100%*)

Package: 60 capsules

ACCESSORIES

Everything that can be useful to you to prepare a delicious meal or shake

BOTTLE

- ★ 750ML CAPACITY
- ★ MADE OF HIGH QUALITY MATERIAL
- ★ EASY TO CLEAN

ActivLab Water bottle, made of high-quality material, is used to store and transport isotonic drinks, energy drinks and other drinks that are recommended to athletes during intense physical exertion. This lightweight container is made of high-quality material that does not absorb odors. The shape of the container, profiled in such a way as to perfectly fit the hand, also allows you to eliminate the phenomenon of overheating and foaming of liquids. The non-slip material of our water bottle is also easy to keep clean. The container has a convenient mouthpiece that can be opened without using the hands, which prevents the spilling of liquids. The Activlab water bottle is perfect for the gym, bike or tennis match.

LUNCHBOX

- ★ HIGH QUALITY
- ★ PERFECT FOR MEALS AND SNACKS
- ★ EASY TO CLEAN

Activlab food container made of high-quality plastic - polypropylene. The optimal dimensions of the product mean that you can conveniently store food, taking it with you wherever you need it. The box has all the necessary food approvals. Our lunchbox is a convenient solution for anyone who pays attention to practicality

gadgets. The product is dishwasher safe (up to 40 °C) and can also be used to heat food in a microwave oven (leave the lid open while heating). The Activlab food container will keep your meals and snacks fresh. A special click closure guarantees tightness so you can be sure that the box will not open in the punching bag.

SHAKER

- ★ HIGH QUALITY
- ★ EASY TO CLEAN

Functional shaker with the Activlab logo with a capacity of 700 ml. Made of solid and durable material, it is a great gadget, thanks to which you can prepare nutrients quickly and accurately, obtaining a perfectly smooth consistency. If you only value the convenience of use and practicality, the shaker will be the perfect solution. The product is easy to clean and is also suitable for washing in dishwashers. The shaker bottle is transparent with a clearly marked measuring cup. It also has a special strainer, which in turn allows you to quickly mix sports nutrients.

SHAKER NEON

- ★ NON-TOXIC MATERIALS
- ★ EASY TO CLEAN

Functional shaker with the ACTIVLAB logo with a capacity of 600 ml. Made of high-quality non-toxic plastic, it is a great gadget with which you can prepare nutrients quickly and accurately. The shaker includes a strainer thanks to which you will get a perfectly smooth consistency of the shaken product. The product is available in 3 amazing colors: magenta, yellow and blue!

SHAKER NEON CREAVIDA

NEON SHAKER CREAVIDA 300 ML is based on the popular NANO WAVE model with a small capacity, adequate for mixing most nutrients and supplements. It was made of high quality plastic, BPA and DEHP free. There is a practical scale on the side. The shaker consists of a bottle, strainer, lid and screw cap.
